

SPRING TIME NESTING & MIGRATING BIRDS

Coastal Corridor Alliance's guided tour will feature **"Spring Time Nesting and Migrating Birds."** Participants will learn about the birds that travel thousands of miles and use the habitats in and around Talbert Regional Park. You'll also hear about their nesting process and how they use these habitats in spring! Space is limited. Children seven and up are welcome to attend, but must be accompanied by an adult. We will provide binoculars and field guides to attendees for the event!
